- MANAGEMENT

CAPACITY BUILDING

Obtaining permission from the responsible authorities to start the project

INSERVICE TRAINING

- Training academic, non-academic and students on the new program system
-

OPEN CLINICS

- Opening clinics and equipping them with the necessary devices and equipment

OPEN | CLINIC

DISSEMINATION

- Dissemination of information and work of seminars
-

- focus of providing services to socioeconomically disadvantaged poor and elderly patients

STABILITY

- Continuing to apply the program even after the end of the program
-
- Finding a source of income to open the clinic after the program ends

QUALITY INSURANCE

- Control the program and individual punishment and deprivation when making mistakes

- Encouraging outstanding students

MANAGEMENT

- Project management, taking reports from all universities, and organizing with the European Union

THANK YOU
