An outcome of the Work packages 4 & 5 Study & Capacity Building

Basic Course Information

Course Title : **BM4: Primary Care & Family Medicine Approach to Maternal, Infant and Child Health (MIC)**

Credit hours : **Level A +B 27 Hrs Contact/teaching Hours (Approx. 5-7 ECTS)**

Program Dean and

Grant holder : Prof Mosad Zineldin, Linnaeus University

Coordinator : Dep. of Medicine and Optometry -Sweden

Course Instructors : *Professors form school of medicine Italy, Egypt and Lebanon*

Course Aim & Description

It is our pleasure to offer the fourth study and capacity building training courses as part of our EU/Erasmus+ project training course titled "Maternal, Infant & Child Health (MICH). The wider objective is to shed a higher light on how to improve the MICH through PC&FM implementations.. The course period is 6-8 weeks by 2-4 afternoon hours per week. **It mandatory to attend at least 70% of the lectures and pass the Quiz to get an attendance/achievement Certificate.**

The specific Learning objectives/Outcomes:

- I. to provide details about the state of maternal and child health care services,
- II. Increase awareness about maternal, infant and child mortality
- III. to provide some strategies in implementing primary health care and family medicine on MICH
- IV. to provide a better overview of the various intervention programs to improving the health status of both mothers, Infants and children.

The contents

- ✚ Variations in Adolescent, maternal, newborn, and child health and its determinants.
- ✚ Main diseases causing mortality and morbidity during the perinatal, childhood and adolescent period.
- ✚ The main international(WHO) reproductive health and rights / maternal, newborn, and child health interventions and policies including, but not restricted to, nutrition, abortion (if legal) / postabortion care, midwifery
- ✚ The "Integrated Management of Childhood Illnesses" (IMCI) and others.
- ✚ Vulnerability and risks - in relation to women's position and socio-economic status and in relation to child and adolescent development, maturing and socio-economic environment

Welcome & Good Luck:

Prof. Essam Elkordi- Egypt & Prof. Mosad Zineldin  -Sweden
